

Consent Form

Personalised Audio Deepfake Detection: A Human Enrolment Study

Student: Egor Vert; Supervisor: Soumya Sai Vanka

Thank you for your interest in this research.

Should you wish to participate in the study, please consider the following statements.

Before signing the consent form, you should initial all or any of the statements that you agree with.

Your signature confirms that you are willing to participate in this research, however you are reminded that you are free to withdraw your participation at any time.

Statement

Please initial box

1. I confirm that I have read the Participant Information Sheet dated 26.02.2026 version 0.2 for the above study; or it has been read to me.

I have had the opportunity to consider the information, ask questions and have had these answered satisfactorily.

2. I understand that my participation is voluntary and that I am free to stop taking part in the study at any time during participation without giving any reason and without my rights being affected.

3. I understand that my data will be accessed by the research team.

4. I understand that my data will be securely stored in a locally running database instance and in accordance with the data protection guidelines of the Queen Mary University of London for 14 days after the study ends in fully anonymized form.

5. I understand that I can access the information I have provided and request destruction of that information at any time within 14 days after my participation.

I understand that after two weeks have passed, I will not be able to request withdrawal of the information I have provided.

6. I agree to my voice being audio recorded as part of the enrollment process

7. I agree to have my voice recordings used to generate synthetic versions of my voice for the sole purpose of testing the deepfake detection system and that generated voice clips will not contain any offensive or derogatory content.

8. I agree to my anonymised versions of my audio recordings and generated synthetic audio being used in a separate follow-up listening test where participants judge whether audio clips are real or fake.

9. I understand that the researcher will not identify me in any publications and other study outputs using personal information obtained from this study.

10. I agree to take part in the above study.

Participants should read Queen Mary's privacy notice for research participants which contains important information about your personal data and your rights in this respect.

If you have any questions relating to data protection, please contact Data Protection Officer, Queens' Building, Mile End Road, London, E1 4NS or data-protection@qmul.ac.uk or 020 7882 7596.
